Table C2: Financial Performance (Standard Classification)

This table reflects the operating budget (Financial Performance) in the standard classifications which are the Government Financed Statistics Functions and Sub-functions. These are used by National Treasury to assist the compilation of national and international accounts for comparison purposes, regardless of the unique organisational structure used by the different institutions.

The main functions are Government and Administration, Community and Public Safety, Economic and Environmental Services, Trading Services and Other Services.

It is for this reason that Financial Performance is reported in standard classification, Table C2, and by municipal vote, Table C3.
