2. Legislative framework

The Municipal Budget and Reporting Regulations (MBRR) are designed to achieve a range of objectives, including improving the local government sphere's ability to deliver basic services by facilitating improved financial sustainability and better medium term planning and policy choices on services delivery.

This report has been prepared in terms of the following legislative framework:

- The Municipal Finance Management Act – No. 56 of 2003, Sections 71 & 52,
- And The Municipal Budget and Reporting Regulations

The MBRR highlights the format of the monthly budget statements.

“28. The monthly budget statement of a Municipality must be in the format specified in Schedule C and include all the required tables, charts and explanatory information, taking into account any guidelines issued by the Minister in terms of section 168(1) of the Act.”

The objective of these Regulations is to secure sound and sustainable management of the budgeting and reporting practices of Municipalities by establishing uniform norms and standards and other requirements for ensuring transparency, accountability and appropriate lines of responsibility in the budgeting and reporting process and other relevant matters as required by the Act.

3. Mayors Report

The section 52 report on the implementation of the budget and the financial affairs of the Municipality is prepared as required by the MFMA.

The quarterly financial information has already been presented in the section 71, monthly budget statement for June 2014. The monthly and quarterly reports for June 2014 should be read in conjunction with one another.

During the financial year operating grants totalling R12,903 million were received. Revenue from electricity and refuse is in line with the year to date budget, but the sale of water is 25% under the budgeted sales figures for the period. Operating Expenditure

For the quarter ending June 2014, the Municipality managed to spend within the budgeted norms. An amount of R R36,644 million or 97,0% have been spent to date. As reported in previous months there are also some variances in terms of the budgeted and actual year to date figures due to the fact that Provisions will only be processed at year end.

Some items are exceeding the year to date budget but are not recurring items, like audit fees. Bulk purchase of electricity is exceeding the budgeted year to date amount by 8%. The main reason for this deviation is due to the cold period during August 2013 when the maximum demand was

exceeded. Depreciation costs as well as the departmental charges were accounted for during the year.

The year to date actual employee costs is 18% under the year to date budget. This is due to the provision for the deferred benefit plan that will only be calculated on year end.

Capital Expenditure

The Municipality has incurred R176 000 or 37.0% of the internal funded Capital Budget to date. The MIG spending for the four quarters totals to R10,431 million or 96.8% to date. Cash Flow

The Municipality started off with a cash flow balance of R7, 960 million at the beginning of the year and increased it with R0,994 million. The closing balance for this quarter is R8,054 million. The increase in cash flow is due to the receipt of the operational grants. The Municipal Cash flow is mainly from Operating Activities as no Borrowing or Investments are budgeted for the 2013/2014 financial year.

Debtors

The Outstanding Debtors of the Municipality amounts to R R6,015 million for the quarter ending June 2014. The outstanding debt for more than 90 days amounts to 75.6% which is an increase since the last quarter. The payment rate for 2012/2013 financial year was 95.28%. For the financial year to date the payment rate was 94.7%. This is a slight increase since the previous quarter. The Municipality is fully implementing the Debt Collection and Credit Control Policy. It should be noted that the Municipal debt collection and credit control policy was revised during August 2013.

All the outstanding amounts are within the 30 days outstanding categories which is compliant with Section 65 of the MFMA.
